Petition: EMZO Lakeview Village, Mississauga

- We ask that the EMZO at Lakeview Village is overturned.
- We strongly oppose the proposal to double the density of Lakeview Village Development in Mississauga Ward 1, going from 8,050 to 16,000 units. The government's claim that this is to fast track affordable housing is misleading.
- We ask that the Minister of Municipal Affairs and Housing uphold the negotiated Master Plan at Lakeview Village and stick to the approved 8,050-unit proposal.
